Karen,

I am happy to hear from you. I had heard that Rachelle was taking leave and that there was a new project manager. I was going to contact you.

I would be happy to meet with you and would like to include Scott Bourne of CDIM engineering. Scott has recently left Weiss consulting and has been helping us with environmental compliance issues for several years. Scott and I are available all day next Tuesday or most of the week after next. I would plan on a couple of hours for this visit so we can tour the site and discuss recent history and our plans to shotcreting the seawall and potentially seal the miscellaneous abandoned pipes that come out of the sea wall.

Jim

Subject: United Heckathorn site

Hi Jim,

I'm the new project manager from EPA who will be working on the United Heckathorn site, taking over the work from Rachelle Thompson.

I'd like to set up a time to come out and visit the site; would you be able to give me a "site tour"? Please let me know some options of days that work for you in the next few weeks/month, and how much time the tour will take to get a full understanding of the site.

I'm looking forward to meeting you,

Karen Jurist
